Friday the 12th of October 2018

1pm (SA Time)

150 Poll Dorset Rams

20 Suffolk Rams

20 Border Leicester Rams

OJD Vaccinated, Brucellosis Free

Warrawindi
More meat, more money

The Galpin family welcomes all new and existing clients to Warrawindi for the 14th on property performance ram sale. Please note the starting at **1pm SA time**

Time fly's, Money fly's and Blow fly's a favorite saying of my grandfather. I never understood it when I was younger but I do now.

Time does fly and it's good to look back and see how much we have progressed in our sheep operation. Our rams keep on improving, we are now selling lambs 8 weeks earlier at the same weights. Which is backed up by our scanning & weighing carcase + figures.

Money does fly, in and out of the bank account. We are investing heavily in the sheep industry and are confident in the future.

The last 12mnths have seen a lot of changes for Warrawindi Farms. The most recent being the purchase of our new East Friesian and EF/BL cross stud. These will complete our whole sheep enterprise, they are ultimate maternal sires. The next step up in the lamb production. We will have 100 EF cross super maternal rams for sale in next year 2019 sale.

Blowflies, their will always be blowflies and at Warrawindi their will be always new faces, Jordan and Chelsea welcomed Ellis David to the family in July.

We welcome you to view our rams from 12 noon on Friday the 12th of Oct. or by appointment prior. Lunch provided.

RAM CARE

Tips for longer Ram Life and improving lambing percentages.

- Try to prevent rams becoming to fat. In Spring keep rams in small holding paddocks or sheep yards. (Obese animals cannot perform to their Maximum capacity)
- When shearing rams inject with Glanvac to prevent Cheesy gland affecting ram fertility.
- Feeding rams 4-6 weeks before mating with Lupins or Beans can increase their sperm Counts by up to 30%
- Check feet before mating, treat any rams with foot abscess with Antibiotics and trim feet if necessary.

- Always buy your rams from brucellosis free studs.

WARRA-M

BORDER LEICSTERS

Warra M is the place to get your ‘dam rams’!
A first cross ewe is still the most profitable and here's where they all start. Warra M focuses on higher growth, positive muscle sheep with strong clean points, and a fine to medium fleece. Top genetics have been purchased from all over the country including ewes from Wattle Farms (NSW) and all rams are by new sire Coolawang 15-87.

WARRA-J

SUFFOLKS

Welcome back for another opportunity to purchase some top quality Suffolk rams.

Here at Warra-J we aim to breed that perfect sheep your looking for. Our main focusses are on fertility, high growth rate, muscling and structurally correct.. This year will see the first lot of AI sons by 2 very good Oakwood rams.

We know you wont be disappointed with your purchases.
