Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The subject property is situated within the prestigious Tullamore Estate in Doncaster, offering a unique combination of architectural design, quality finishes, accommodation and lifestyle features. Due to the property's distinctive characteristics and premium positioning within the estate, there have been limited sales of properties with sufficiently similar features, specifications and price range within the prescribed period. Accordingly, fewer than three directly comparable sales were available to provide a reliable comparison when determining the estimated selling price.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
