Reason there are fewer than three comparable properties

☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

The subject property has been freshly painted and updated with new hybrid flooring throughout the living areas and a refreshed bathroom, providing a modern, move-in-ready appeal. While other two-bedroom apartments have sold within the complex, differences in condition, renovations, outlook and presentation limit their direct comparability. The selected sales represent the most relevant available market evidence, with appropriate consideration given to the subject property's improvements.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
