### **How to Eliminate Ineffective Open Homes and Instead Create Feeding Frenzy for Your Home.**

**1 National statistics;** prove that less than 5% of homes are sold as a result of an open home. Despite this, most agents continue to waste their (and their clients') weekends.

**2 Unproductive open homes;** that attract little more than nosy neighbours and curiosity seekers. We have learned how to easily and inexpensively to sell your home without this time wasting exercise and save you the huge commission charges that the local Realtor may still want to charge you.

**3 We attract dozens;** of highly qualified buyer prospects to view your listings, at the same time creating an auction like effect that drives up the price of your home up.
