Numbers increased to 390 cattle this week, up by 225 head. Overall it was a much improved yarding. There was increased numbers of supplementary feed or crop fattened yearlings suitable for the local trade orders. Buyers had ample to pick from this week, compared to the very light numbers of the last couple of weeks. Market was cheaper 10-20 cents. Some handy pens of Angus feeder steers light and medium weights. They gained 20-25 cents, quality a factor. There was not large numbers of cows penned, however what was yarded were mainly good clean medium or prime heavy weights - very few plain cows. Good competition on cows saw values slightly cheaper for the best 3-10c/kg, while medium weights cows sold 5-10c/kg dearer. Too few export types to gauge an accurate quote. After a few recent storms, restocker cattle met better competition light weight Angus steers made to 291.2 cents with Euro Cross steers to 264 cents. Bulls saw no real

change.
