Quality remained very good across this week's sale, numbers increased with McDonald Lawson Carter yarding 387 head. Buyer confidence remained strong, with feeder buyers and processors continuing to compete well for quality cattle. While the market remained firm overall, prices generally eased slightly from the exceptional rates recorded earlier in the month, particularly for feeder yearlings.

Vealers continued to attract solid competition, with quality lines maintaining excellent values. Angus vealer steers sold to 570.0c/kg, while Angus cross and Limousin cross vealer heifers reached 542.0c/kg and 504.2c/kg respectively. Well-bred, lighter feeder cattle remained highly sought after, although competition was slightly more selective than in previous sales.

Yearling cattle again dominated the market, with feeder buyers underpinning demand across all breeds. Angus yearling steers averaged 595.0c/kg and sold to 634.2c/kg, easing marginally from the previous sale but remaining at historically strong levels. Angus cross steers averaged 550.6c/kg, while Charolais cross and Simmental steers continued to sell above 540c/kg.

Yearling heifers remained in strong demand, with Angus heifers averaging 523.6c/kg and Angus cross heifers averaging 534.7c/kg, while the better quality drafts sold to 570.2c/kg.

Cow numbers increased slightly and quality remained very good. Heavy cows sold into a firm processor market, with Angus cows averaging 391.8c/kg and Angus cross cows averaging 405.2c/kg. Most well-finished heavy cows sold between 390–410c/kg, with the best cows reaching 418.2c/kg.

Heavy bulls continued to meet strong competition, with Angus cross bulls selling to 430.0c/kg and Limousin bulls reaching 420.0c/kg. Better finished heavy bulls remained well supported by export processors.
