Quality remained very good across this week's yarding, with numbers increasing to 398 head from the previous sale. Although supplies remained relatively tight, buyer confidence continued to underpin the market, with processors, feeders and restockers all operating in a firm market despite a slight easing in some categories.

Vealers continued to attract strong competition, although prices eased slightly from the highs recorded at the previous sale. Angus vealer steers sold to 554.2c/kg, while Angus heifers topped at 494.0c/kg. Well-bred supplementary-fed lines continued to receive excellent competition, with quality remaining a key factor in price outcomes.

Yearling cattle again dominated the market, with feeder buyers remaining highly active across all weights. Angus yearling steers topped at 636.2c/kg and averaged 596.0c/kg, easing only marginally from the previous sale but remaining at historically strong levels. Angus cross yearling steers averaged 564.5c/kg and sold to 602.2c/kg, while Hereford and Speckled Park

steers also met strong competition. Yearling heifers continued to sell well, with Angus heifers averaging 507.0c/kg and topping at 570.0c/kg, while Angus cross heifers averaged 543.7c/kg. Cow numbers remained moderate and quality was generally very good. Heavy cows continued to sell into a firm processor market, with Angus cows averaging 396.1c/kg and Angus cross cows averaging 403.0c/kg. The best heavy cows sold to 415.0c/kg. Heavy bulls remained firm overall. Angus bulls sold to 385.0c/kg, while Speckled Park bulls averaged 392.2c/kg. Well-finished heavy bulls continued to be well supported by processors. Overall, the market remains at historically strong levels despite easing slightly from the record prices achieved in recent weeks.
