After some very useful follow up rain over the weekend, numbers saw no change this sale, for a total of 400 cattle. Cows made up the bulk of the yarding along with some useful lines of feeder steers & heifers. Prime local trade cattle were few in numbers & struggled to match last weeks dearer rates. Not all regular operators bought, resulting in a cheaper market, they generally lost 10c/kg. A handy penning of yearling steers suitable for the backgrounders & feedlotters. A few more heavier weight feeders this sale. Light & medium weight rose 10-12c/kg & the heavies rose 10-15cents. Yearling steers to the processors were mostly unchanged. It was a similar story with the yearling heifers. Those to feed gained 10c/kg, while those suitable for the processors gained 15c/kg. Heavy export steers/heifers sold firm to 15c/kg dearer. More so for the heifer portion. Cows also continued there recent price gains of the previous couple of weeks. They met solid competition to again record gains of 10-15c/kg. Topping @ 235.6c/kg for best heavy cows & 228.2c/kg for medium types. Only unsound bulls offered this sale. They sold mostly unchanged. Restockers were active on
