Return to McDonald Lawson by 5:00pm - Fax: 63724655

After missing last weeks sale, 580 head were penned and were up by 110 from the previous sale. It was a fair to good quality offering of conditioned cattle. All regular buyers were present, with the exception of a major northern processor.

Trade and feedlot cattle sold fully firm to a little stronger. Restocking types continued to attract strong demand, to finished 10-20 c/kg dearer.

Export cattle fell 10-16 c/kg, with the exception of a nice run of Preg Tested Red Tagger cows which attracted strong restocking interest.

Supplementary feed yearlings to local butchers topped at 435 c/kg up by 10 – 15 c/kg.

Feeder steers sold fully firm with the majority of medium/heavy weights making 395 c/kg to 415 c/kg to av. 410 c/kg.

Not the pen fulls of ideal feeder heifers this sale. The yearling heifers to processors were 5-8 c/kg cheaper/ Restocking types were well supported. 270 – 280 kg steers sold to 478 c/kg.

Weaner steers just under 200 kg sold to 515.2 c/kg & the heifer portion made 485 c/kg.

Cows slipped 10-25 c/kg from a fortnight ago due to the absence of a major northern processor, however a good consignment of Angus x Cows preg tested in calf from 330 c/kg to top at 355.4 c/kg

Bulls were 10 - c/kg cheaper
