Vacating the Property

Notice in Writing

When you intend to vacate the property, in all instances all tenants must complete and sign a RTA Form 13 - Notice of Intention to Leave and return to the office via email, post or in person.

Ending a Fixed Term

If you are leaving at the end of your current fixed term lease, at least 14 days' notice is required. It is our office policy to contact you up to two months prior to your lease expiry to confirm your intentions for lease renewal.

PLEASE NOTE: Verbal notice will not be taken into account until we have received the correct notice which is a Form 13 - Notice of Intention to Leave in writing. The notice will commence only when we have *actually received* your notice at our office, not from the date it was posted.

Ending a Non-Fixed (Periodic) Term

If you are leaving on a non-fixed term (periodic) lease, you must provide at least 14 days' notice in writing.

PLEASE NOTE: Verbal notice will not be taken into account until we have received the correct notice which is a Form 13, Notice of Intention to Leave. The notice will commence only when we have actually received your notice at our office, not from the date it was posted.

Breaking a Fixed Term

Should you wish to leave during a fixed term lease, we require your notice in writing as per above.

We are unable to accept your intention verbally.

The following costs may be incurred:

1. **Rent and outgoings** until a new tenant is approved by the landlord, or the lease expires (whichever occurs first).
2. **Reletting fees and advertising costs** to relet the premises.
3. **Should the premises be vacant before a new tenant is secured**, it is also your responsibility to ensure the grounds are watered and maintained for this period.

Getting Your Bond Back Quickly- Criteria

At the end of your tenancy you will no doubt want your bond refunded quickly after vacating.

For your full bond to be refunded quickly, you will need to ensure the following:

Rent & Invoices:

- Any outstanding rent or water invoices or the like are paid promptly.

Property Ready:

- The property is cleaned, carpets professionally cleaned and grounds maintained as per entry condition. Please follow the final vacating guide at the end of this handbook.
- The property must also pass the final inspection conducted by this agency.

Outstanding Accounts:

- Please ensure that any monies outstanding like water, any damages, compensation amounts and break lease fees are paid.

Keys:

- Ensure that ALL keys, remote controls, air conditioner remotes have been returned.
- Once these criteria have been met we can then refund your bond. Delays will occur if one of the above or more of these criteria not being met.

Outstanding Rent:

- Please note that it is against the tenancy legislation to withhold rent at the end of your tenancy with the intention for this to be deducted from the bond. Your rent must be paid in full, leaving your bond intact.

Vacating the Property

Cleaning

Use the 'Getting the Property Ready for Vacating' guide at the end of this booklet.

It is also important to understand that cleaning thoroughness can be misguided by tiredness after moving into another property. We do encourage you to employ a professional bond cleaner so this process is not compromised.

Should the cleaning process not be completed thoroughly, this can result in extra costs associated in rectifying any cleaning issues and will also delay the return of the bond.

Carpet Cleaning

Please ensure the carpets are professionally steam cleaned. If you choose a carpet cleaner that is not recommended please ensure that they are a qualified, certified and licensed Carpet Cleaning Professionals, please be cautious of under-priced carpet cleaners, if they do not meet the quality of cleanliness required by the final vacate inspection, the agent may engage a professional to bring the property up to the standard required and you may be responsible for the costs incurred to do so.

The Final Inspection

Only once the property has been fully vacated, cleaned and grounds made ready with cleaning/pest receipts and keys returned can we commence our final inspection.

As the tenant you are responsible for leaving the property in the same condition and in working order as it was at the start of the tenancy.

Water Usage

We will collect your final water meter reading at our final inspection and calculate your final invoice for water charges. Refer to your Form 18a General Tenancy Agreement to see if this applies. The invoice will need to be paid in full prior to processing your bond refund.

Outstanding Monies/Damages

It is important to note that if you vacate with outstanding monies and damages, your details may be lodged on a national default tenancy database (also known as TICA).

Even if your monies are eventually paid, this doesn't mean your details will be withdrawn from the database. It is important to know your details may still be lodged for 5 years after your debt has been cleared, it will remain as a paid default indicating there was originally a problem. Therefore due to the serious nature of these databases and how they can affect your future renting prospects, it is best that all monies owed be paid as soon as possible.

Eviction

Should an eviction occur, your details may be lodged on TICA.

Australia's Largest National Tenant Database

TICA is Australia's Largest National Tenant Database which has a collection of tenancy information lodged by real estate agents, mostly regarding tenant default action like property damage, outstanding monies and eviction. All agents use this database to lodge tenant details. When agents are processing application forms, this database is also cross-checked. We are confident that should an agent checking an application find tenant default details lodged; the application will be promptly declined. We urge all tenants to ensure they pay their rent on time, keep the property clean, maintain the grounds and ensure the tenancy is finalised satisfactorily with no monies owing to avoid lodgement. For information regarding the database see ww.tica.com.au.

Vacating the Property

Checklist - Internal

Getting the Property Ready for Vacating

- Mail Redirection:** Ensure that all mail is re-directed to your new address. You can complete a form with Australia Post to assist with this.
- Utilities:** Electricity, gas, phone, internet etc. Transfer or cancel all accounts accordingly.
- Appliance manuals:** Please leave them at the property
- Keys:** Ensure you have all keys as handed to you at the start of tenancy. Also hand over any extra keys you have arranged to have cut.

Cleaning Inside the Property

- Walls:** Clean off dirty marks, removable scuff marks, finger or food marks etc
- Ceilings:** Remove any cobwebs.
